been of no material advantage to the National Democratic ticket. On the other hand, the tariff issue has not proven strong in the doubtful States, particularly New York. The Democratic members of the Ways and Means Committee have been rejected. They represent solidly the Democratic districts. In the main, though, there can be no doubt of the popularity of the tariff issue among their constituents. From the latest advices there are probably Republican gains in the South and East which will exceed all expectations. A careful compilation of Congressional returns received at this hour would indicate that the Republican will control the next House by from elight to ten majority."

In an editorial on the result it says: "It is unnecessary to go beyond the city of Brooklyn to find proof that Cleveland was beaten in the State of New York, not because a majority of the voters condemn his policy on tariff reform, but because a majority of the voters would not sustain for the Presidency a party which nominated a man like David B, Hill for the Governorship."

"This is what they say at national head-quarters and it was given out as the official utterance of the National Committee to the crowd of anxious visitors who thronged the parlors this morping in search of the latest hews. The statement is based upon the fact that corrected returns from the interior counties of the State show a larger cutting down of the earlier Harrison gains and many of the counties whose plurality had already been given, purporting to be in full, are still found to be incomplete, and particularly is this true, it is claimed, in Kings county, where it is said there will be a fight before the count is completed. When it was learned that Illinois and Wisconsin might be close States, as well as Indiana and Connecticut, telegrams were sent to the chairmen of the State committees in each State.

"Mr. de Forest was the only one at the Democratic State Committee rooms this afternoon. He said: "We are not in as bad shape as we were on the day after the election in 1884. We will concede nothing. I have wired to every county for revised returns. Till I receive them I shall claim the State. There are errors in Kings county returns, though how extensive I do not know. The Evening Telegram puts Harrison's plurality at 10,000 and Hill's 17,000.
The result of the election in Kings county was surprising to the Democratic leaders, who expected 23,000 plurality for Cleveland. The shrinkage is accounted for by the return of the Mugwumps and Prohibitionists of four years ago to the Republican party. The majority will not exceed 13,000 in Kings county.

INDIANAPOLIS, Nov. 7.—[By the Asso-An extra of the World says: "At 2:30 p.m. the National Democratic Committee ciated Press.] The city has been in a foment since early this morning. Long before the hour for the resumption of bulletins a large crowd gathered around the newspaper offices, calling "Returns!" returns!" and clamoring to know the latest from New York and Indiana. As darkness came on the crowds began to grow around the Journal premises, standing patiently. As the stereopticon illuminated the last re-turns from New York city and Kings county, confirming the previous figures, the crowd grew boisterous and hilarious, and crowd grew bosterous and intartous, and cheered. In the corridors of the New Denison the scenes of last night are being repeated upon a moderated scale. Large crowds are congregated, but no demonstrations are in progress. In the same issue of the World which contains the above, in double-leaded type carried over from an earlier edition, are these words: "Apropos of Col. Brice conceding nothing, there is little reasonable doubt that Benjamin Harrison will be the next President of the United States."

The News has these editorial expressions: "We don't give up just yet. FOR SHERIFF.

Coroner Meredith yesterday concluded Coroner Meredith yesterday concluded the inquest on the body of Pietro Pagliuso, the Italian boy shot on his uncle's ranch in Sycamore Cañon last Saturday. Young Smith and Casson, the boys charged with the shooting, were promptly on hand with their attorney, Henry T. Gage, Esq., and the examination was resumed of Frank Pagliuso where it was left off Monday afternoon, Frank Castruccio acting as interpreter. Pagliuso said that he recognized the footprints about where the body of his

ragiuso where it was left off Monday afternoon, Frank Castruccio acting as interpreter. Pagliuso said that he recognized the
footprints about where the body of his
nephew was found as having been made by
the shoes worn by the boys he arrested,
whom he identified as those now present.
He said that after he took the guns away
from the boys he took one cartridge from
the shotgun and all the cartridges from the
rifie but one, and gave them back to the
boys. He said that he took the shotgun
from the smaller one, and identified both of
the boys, and also the weapons which were
shown him.

Marsalo Marsico, an Italian employed on
the ranch, and who first found the body,
was then placed on the stand and testified
as follows: "Last Saturday at noon I quit
work to go home for my meal and found all
of the doors closed, and I asked deceased
what he had done to have all the doors
closed, and he told ine that Frank had arrested two boys in the morning for shooting, and he had put, the guns in the nouse
and had locked the house up, and instructed him that when the boys would call
with \$20 back again; that he had done so to
scare them and keep them away from the
place. We went into the house and ate our
meal. After the meal deceased locked the
house up and I returned to work.
About an hour before dark I heard a
gun shot. It sounded loud, and may have
been two shots fired at once. When I went
home I found the doors of the house open,
and not finding anyone about the place and
the chairs upset, I started out to find some
one. After waiking a few steps I found
the body of the deceased on the ground. I
thought he was sleeping; appr-aching him
I found that he was dead, and a dog sucking the blood. I then notified his brother,
who was at Judge Ross' ranch. I did not
see any sloys on the place that day. I have
never seen the accused before. I did not
see any signs of a struggle when I found
the body of the deceased."

Coroner Merediti then asked the defendants if they had anything to say, but, after
consultation with the

was closed.

The room was then cleared of all persons but the jury, and in a few minutes they returned a verdict that Pietro Parliuso, aged about 16 years and a native of Italy, came to his death on the 2d of November from a gunshot wound in the left breast, said wound having been inflicted by a shotgun in the hands of a person or persons unknown.

The boys were then remanded back to jail. Coroner Meredith stated that an intormation would be filed against them for murrier.

SURPRISED THEIR PASTOR.

Pleasant Social Affair in East Los

Angeles.

A pleasant surprise party occurred at the residence of Rev. Dr. Cobb, East Los Angeles, yesterday, when the congregation of the Central-avenue M. E. Church of Vernon, of which Mr. Cobb is pastor, entered his home unawares with well-laden baskets, to celebrate the seventleth birthday of the to celebrate the seventleth birthday of the pastor and his wife. After a bountiful repast S. Hemus made some pleasant remarks on this joyous occasion. Mr. Cobb responded in his usual happy way, and the affair will long be remembered by them all. Many tokens of esteem were left as mementoes of the love and reverence in which the pastor is held by his congregation. The following were among those present: Mr. and Mrs. S. Hemus, Mr. and Mrs. W. E. McMartin, Mr. and Mrs. E. F. Burgett, Mr. and Mrs. Walter Peck, Mr. and Mrs. H. N. Rankin, Mrs. K. W. This so enraged Augustus that he tore his Democratic ticket into pieces and deposited a regular Republican ticket. Augustus says he has got enough of reform. large-sized Confederate Democrat com-

SOCIAL PURITY.

Efforts of Hon. Stephen M. White and Hon. R. H. F. Variel to Secure the Passage of Proper Laws to the Punishment of Seduction-The Bills introduced-Some Inter esting Reading.

The social purity movement inaugurated in this city some weeks ago, and which has already assumed such large proportions, is likely to have a much greater influence on of the patrol future legislation than is generally supof the patrol wagon, Officers O'Brien and Regan, asking that they be paid full salary, so the object publicly until recently, it has nevertheless received careful consideration by some of the ablest intellects in the State, who for some time past have realized the weakness of the laws on this important question. In talking on the subject yesterday with a well-known legal light and a member of the last Legislature, a Times reporter was given a chapter of the inside history of that session, which shows that a necessity for radical reforms was fully recognized. The facts in the case, as learned by the Times man, were as follows: At the last session of the Legislature Hon. Stephen M. White represented Los Angeles county in the State Senate, and was, before his election as Speaker, the recognized head of the Judiciary Committee of that body and the leader on the Democratic side. Hon, R. H. F. Variel, now practicing law in this city, represented one of the northern counties in the Assembly, and as the chairman of the Judiciary Committee of that branch. These two gentiemen met at the Governor's inaugural banquet—in fact, occupied seats next to each other. Mr. White had just got through with the Louise Perkins suit against Lucky Baldwin, and, in disease, and the cleberted case, in case of the patrol wagon, Officers are. The Chief favored the petition, but Mayor Workman and Mr. Humphreys opposed it, on the ground that the petition, but Mayor Workman and Mr. Humphreys opposed it, on the ground that they did not do as much on as much of as much officer. Laid over for future action. The charge against to officer Church, of using rough language to G. W. Ragland, came up, and Mr. Ragland made a state did not the ease, as the entities of the charge against the officer church, of using rough language to G. W. Ragland, came up, and Mr. Ragland made a state distorted the had the had t White had just got through with the Louise Perkins suit against Lucky Baldwin, and, in discussing that celebrated case, in connection with other matters, Mr. White said that he had become convinced that the laws in regard to the punishment for seduction and similar crimes were wholly inadequate. Mr. Variel agreed with Mr. White, and, after some further talk, Mr. White sug-

and similar crimes were wholly inadequate.
Mr. Variel agreed with Mr. White, and, after some further talk, Mr. White suggested that, after their political business was disposed of, they join hands and pass some bills on the subject for the general good of the State. Mr. Variel agreed with Mr. White, and told him that if he would faraw up such measures as he thought were necessary and push them in the Setate he would introduce identical bills in the Assembly and do all in his power to secure heir passage. Both gentlemen were in carnest in the matter, and shortly after this —on January 24, 1887,—Mr. White Introduced a bill providing for the repeal of the resent law for the punnishment of seduction, supplemented by three other bills, numbered 178, 179 and 180, for the punishment of this crime, all of which were read and referred to the Judiciary Committee. The text of the bills is as follows:

Senate Bill No. 178.—An act to amend section 266 of an act entitled "An Act to Estab ish a Penal Code," approved February 14, 1872 by providing for the punishment of seduction accomplished by means of false representations and preteases, or other fraudulent means.

The people of the State of California, represented in Senate and Assembly, do enact as follows:

Section 1. Section 266 of an act entitled "An Act to Establish a Penal Code," approved February 14, 1872, is hereby amended so as to read as follows:

Section 1. Section 266 of an act entitled "An Act to Establish a Penal Code," approved February 14, 1872, is hereby amended so as to read as follows:

Senate Bill No. 180.—An act to amend section 1110 of an act entitled "An Act to Establish a Fenai Code," approved February 14, 1872, by adding to said section a clause requiring the evidence of the party seduced to be corroborated, in all cases arising or prosecuted under the provisions of section 285 of said code.

The people of the State of California, represented in Senate and Assembly, do enact as follows:

Section 1. Section 1110 of an act entitled "An Act to Establish a Penal Code," approved February 14, 1872, is hereby amended so as to read as follows:

Sec. 1110. Upon a trial for having, with an intent to cheat or defraud another designedly, by any false pretense obtained the signature of any person to a written instrument, or having obtained from any person any money, personal property, or valuable thing, the defendant can not be convicted if the false pretense was expressed in language unaccompanied by a false token or writing, unless the pretense, or some note or memorandum thereof, be in writing, subscribed by or in the handwriting of the defendant, or unless the pretense be proven by the testimony of two witnesses, or that of one witness and corroborating circumstances; but this section shall not apply to a proseculon for fassely reprebe proven by the testimony of two witnesses, or that of one witness and corroborating circumstances; but this section shall
not apply to a prosecution for fassely representing or personating another, and in
such assumed character marrying, or receiving any money or property. No conviction
can be had for the offense specified in section 285 of this code upon the testimony of
the female unsupported by other evidence.

Mr. Variel at once, according to agreement, introduced the same bills in the Assembly, which were numbered 243, 243, 244
and 245, which were read a third time and
ordered engrossed. No sooner were the
bills introduced than both gentlemen began
to receive letters from all over the State
urking their adoption, but the Legislature
adjourned before they could be put upon
their final passage, although there is but
little doubt if there had been a week's further time the bills would now be laws.

From the above, it will be seen that these
gentlemen fully realized what was needed,
and were even prepared to go further than
those who are now agitating the subject. It
might also be field to remark in this connection that the bills above quoted now stand
at the head of Lieut. Gov. White's calendar,
and will be again introduced at the next
session of the Legislature, when they will

The "Mac" Crusade Reported at

The Board of Police Commi promptly yesterday afternoon at the Mayor's office, at 2 o'clock, it being the first time that all the members of the Board were on hand at the appointed time for some weeks. The minutes of the previous meeting

were read and approved.

Seyeral changes of saloon licenses were granted without objection. It came out that one of the saloons had been running for a month past without paying a license, and the officer was directed to close the same at once. The board also insisted on each applicant promising to close promptly each applicant promising to close promptly

A petition was received from the drivers of the patrol wagon, Officers O'Brien and Regan, asking that they be paid full salary,

was then ordered to turn the same into the city treasury.

The applications of Abadie and Dupny for saloon licenses again came up, and the Chief stated that Dupny had been arrested and fined \$50 for running without a license. He reported Abadie all right, and he was granted a license, Judge Humphreys voting no. The application of Dupny was denied until he could get the consent of the property-owners of the neighborhood.

The weekly reports of the Captain and sergeants were presented, but contained nothing beyond the fact that everything was quiet and orderly, and His Honor complimented the Chief on the efficient manner in which he had performed his duty.

Officers Hawley, Aubie and Bosqui came in and reporteu that the "mae" crusade was at a standstill, waiting on the courts, but would be pushed as soon as Judge Cheney rendered his decision. They reported many houses vacant, which was caused by the measures which had been taken by the commissioners.

ANTI-SALOON.

The Executive Committee Call for a Mass Meetings of Citizens.

The time has again come for active work at the polls. A year ago the citizens' anti-

saloon movement in the city of Los Angeles, organized upon a non-partisan basis, polled nearly tweive hundred votes, show ing a revolution in public sentiment which was a surprise to all. It is no presumption to say that the effect of that vote has been felt in the moral tone of the city ever since

ve of party, it has rigidly adhered to that ive of party, it has rigidly adhered to mat basis.

In August last the Executive Committee, to which the work for the year had been intrusted, issued a call for a mass convention at Long Beach in the same line of work. The call was to all political parties. They were all represented, and many hundreds of people were present. At that convention, after a discussion lasting through two days, it was voted to continue the work on the same line, only to broaden it, so as to make it a movement not only against the saloon, but also against the gambling-house, the opium den and the brothet, and in favor of good, clean, efficient government. Such a

course with any unmarried female of previous chaste character, under the age of 18 years, and every person who by any faise pretenses, faise representations, or other fraudulent means, procures any female to nave sexuel intercourse with any man, is panishable by imprisonment in the State Prison not exceeding five years, or by imprisonment in the County Jail not exceeding one year, or by a fine not exceeding one year, or by a fine not exceeding five years, or by ment.

Senate Bill No. 179.—An act to amend an act entitled An Act to Establish a Penal Code, approved February 14, 1872, by adding to chapter 1, title 9, of part 1, thereof, two new sections, numbered respectively 268 and 269, relating to the punishment of seduction, intercourse procured and had under promise of marriage, and relating to the effect of the marriage of the parties concerned after the commission of the offense.

The people of the State of Caffornia, represented in Senate and Assembly, deen act as follows:

Section 1. Two new sections are hereby added to chapter 1, of title 9, of part 1, of an actentitied An Act to Establish a Penal Code, approved February 14, 1872, numbered respectively 268 and 269, to read as follows: to elect an executive committee for the en-suing campaign, and to provide for carry-

CHAMBER OF COMMERCE.

Dr. Widney to Report on Wilming-ton Harbor.

The Chamber of Commerce met in the Board of Trade rooms yesterday afternoon at 3 o'cleck, but, there being a very small attendance, an adjournment was had until Wednesday next at 3 p.m.

Dr. Widney stated that he wanted a special meeting for the purpose of discussing the matter of the improvement of the San Pedro harbor, and the building of a seawall at that place. He stated that he seawall at that place. He stated that he would appear before the chamber as a delegate from the Chizens' Harbor Committee.

Quite a discussion followed as to whether the subject could be considered after adjournment, and several members favored cailing a special meeting to receive Dr. Widney's proposition and refer it to the proper committee. President Jones declared this to be impracticable, and after some further informal discussion it was tacitly agreed that Dr. Widney's proposition should be submitted at a special meeting to be called Tuesday evening next at 7:30 o'clock.

A Bilious Florida Critic

A copy of the Southern Sun, published at Oakland, Fla., has been received at this office, containing a regular old-fashioned diatribe against Southern California, two columns in length, written by A. P. K. Safford, from Paso Robles, in this State.

Mr. Safford holds a prominent social position in Florida, and his misstatements are therefore worthy of more notice than those of most of the irre sponsible scribblers who stick their enomous pens into Southern California's reputation. He indulges in the usual remarks about our "bursted boom," and says that "the outsider can hardly realize the deplorable condition of affairs that exists." Fruit raising don't pay any better than barley wheat, and the cottony-cushion scale is devouring everything in sight. He thinks people might make a living here, if they could buy land at \$25 to \$30 an acre. Six months of the year we are smothered in dust, and the win ter climate won't compare with that of Florida, while our epidemics of smallpox, scarlet fever, typhoid fever, diph theria and pneumonia-fancy an epidemic of pneumonia!-are far more

terrible than the yellow fever. The Southern Sun, in a double leaded editorial, calls attention "with special pleasure" to this effusion of Mr. Safford's, which it terms a "vivid expos of the fearful monetary collapse through which this State has passed.". It is en couraging to know that we have passed it, anyhow. The Sun proceeds, sen-

tentiously, to observe: The most demoralized and unprincipled and agent in Florida could scarcely wish for a condition of things which, although it might fill his purse to repletion, would finally involve so much loss and misery to the State. Let us guard against and keep beyond our borders, as we would a contarious disease, whatever savors of a speculation so wild, and which carries with it such an utter want of moral principle, or more mischief to our future prosperity will be done than a half dozon "great freezes" of the Great Republic!"

DEMOCRATS GIVE IT UP. At 10:30 this evening the Democratic Committee rooms were deserted. In the Chairman's private rooms Mr. Jewett and Chairman's private rooms Mr. Jowett and three or four assistants were engaged figuring on the results on the Legislature and Congressional ticket. Mr. Sheerin had cone home. Chairman Jewett greeted the Associated Press reporter pleasantly and, in answer to the suggestions that he might have something to say in regard to the political situation in the State, said: "The indications are that the Republican electors have carried the State. The official count may show differently. The probability is that we have elected part of our State ticket. We have elected ten Congressmen, a gain of four. We have a certain majority in the State Senate of six and in the Lower House of twenty, giving us control in joint ballot. I don't care to say about the methods by which this was accomplished." Nine nundred and fitteen precincts in Indiana give Harrison 143,941. Cleveland 133,305. The sime in 1884 gave Blaine 133,-571, Cleveland 131,305. This includes all of Marion county except four precincts. The official vote of Indianapolis city and Marion give Cleveland 338 majority. Secretary Sheerin of the Democratic National Committee said tonight: "It looks now like Gen. Harrison had carried the State, but it will require the official returns to determine."

Latest Estimates of the Republican

CINCINNATI, Nov. 7.—[By the Associated Press.] Returns from Ohio continue to show nearly the same rate of Democratic gain over Foraker's vote last year. He had a plurality of something over 23,000. Indications point to a reduced plurality for Harrison. Some estimate it at 13,000 to 15,000. rison. Some estimate it at 13,000 to 15,000. Republican Congressmen are elected in the First, Second, Third, Seventh, Eighth, Ninth, Eleventh, Twelfth, Fourteenth, Fitteenth, Seventeenth, Eighteenth, Nine-teenth, Twentieth and Twenty-first districts, making 15. Democrats are elected in the Fourth, Firth, Tenth, Thirteenth and Sixteenth districts, making five. The Sixth is in doubt, both sides claiming election.

COLUMBUS (O.), Nov. 7.—Chairman Cappellar claims the State by 24,000 for Harrison. The Democratic Committee makes no claim, but say that the vote on the national ticket is close. There seems no doubt that the State is Republican and that the Republicans have made a net gain of one Conversional.

VAIN DEMOCRATIC HOPES. COLUMBUS (O.), Nov. 7.-Interest in lection news continues. Judge Thurman election news continues. Judge Thurman had nothing to say to correspondents this evening when asked for his opinion. The State Committee are still receiving returns from the State and figuring up gains and losses. The Republicans are claiming a plurality of from 25,000 to 30,000, and place their estimate on more or less complete returns from about half the counties of the State. On the other hand, the Democratic Committee says that complete or estimated State. On the other hand, the Democratic Committee says that complete or estimated returns from 22 out of 88 counties give evidence of a Democratic gain of a little over 9000, and if this erratic gain continues, which they scarcely dare hope, they will carry the State. At any rate, they say there is no doubt that they have cut down the Republican plurality to a small figure. For Congress the Democrats say their losses balance their gains, and there is yet no certainty that they have not made a net gain. On the other hand, the Republicans claim a net gain of one, having lost in the Tenth and gained in the Seventh and Twenty-first.

CINCINNATI, Nov. 7.—All counties (unofficial) except six show a purality for Harrison of 20,331. The six counties not reported gave Foraker (Rep.) for Governor in 1887 a plurality of 486.
COLUMBUS (U.), Nov. 7.—The Democratic state Committee at midnight says the returns so far show the Kepublican plurality only 17,000, with several of the strongest Democratic counties to hear from. The Republican Committee say their figures show that Harrison's plurality is over 20,000. No definite returns on Congressmen or the State ticket are at hand.

Necessary. HARTFORD (Ct.), Nov. 7 .- [By the Asso ciated Press.] Connecticut gives Cleve-land, for President, a plurality of 429, with two to hear from, which will reduce it to about 350. Morris (Dem.) beats Bulkeley (Rep.) for Governor by 1500, with eight towns to hear from. The Con-gressional delegation stands three Republicans and one Democrat. General Assembly about the same as last year. NEW HAVEN (Ct.), Nov. 7 .- In Con

necticut the vote is so close that an official count may be necessary to decide the contest, as has been the case in that State several times before. The unofficial returns received from all but four small towns give Caveland a plurality of 350. It is probable that he has carried the State by less than 550 votes.

Des Monnes (Iowa), Nov. 7.—In 23 counties the complete vote gives Republican gains that indicate a Republican plurality of \$0.000 for Harrison. The State ticket is not behind, and the Railroad Commissioners are not scratched as badly as was supposed. The Republican candidates will all be elected. Cook county except two small townships, which it is not thought will materially change the result, give Cleveland 81,120 Harrison 80,263, a plurality for Cleveland of 857. The county complete in 1884 gave Blaine 69,251, Cleveland 60,609, a plurality for Blaine of 8842. As there has been no doubt that the State outside of Cook county went heavily for Harrison, though possibly by a somewhat less plurality than for Blaine in 1884, there would now appear to

Blaine in 1894, there would now appear to be absolutely no question, notwithstanding the great gain for Cleveland in Cook county, that the State is safe for Harrison. CHICAGO, NOV. 7.—The vote of 84 counties in Illinois, including Cook, shows majorities for Harrison of 38,943, Cleveland 19,373. The remaining 18 counties in 1884 gave Blaine 5884 and Cleveland 6542. Assuming that these 18 counties not yet fully reported give the same result as in 1884, the State will now give a plurality for Harrison of 18,912. It is safe to say, therefore, Harrison's plurality will be about 19,000.

London Papers Not Sorry That Cleveland Is Defrated.

London, Nov. 7.—[By Cable and Associated Press.] The Times says: "Though we believe that President Cleveland's internal policy and his administration are more remarkable for capacity and upright-ness than anything to which the Repub-licans can point in recent years, we cannot profess regret at an event which may be regarded as an appropriate penalty for his discreditable subservience to the meanness of American politics and his culpable neglect of the decencies of international intercourse. It is not improbable that President Cleveland's hasty change of front in fisheries affairs and Secretary Bayard's treatment of Lord Sackville alienated, or at least cooled, the friends of purity, reform and national dignity whom the corrupt, demagogic rule of the Republicans had driven to the opposite camp. In respect to his fisheries policy there is no reason why Mr. Harrison, if he has the courage to shake off the domination of the machine, may not emulate—nay, even surpass—President Cleveland. We are sincerely sorry that the change of government involves the re-tirement of Minister Phelps, who has performed his duties with marked ability and adroitness, and has won esteem and frie nd-

Republican victory saves Canada some immediate trouble. The Democrats were so committed to the retaliation principle, to say nothing of the embroliment of the Democratic Executive with Great Britain by the Sackville business, that a very little friction might have necessitated Cleveland's enforcement of retaliation. We don't think the Republicans are any more friendly than the Democrats, or even as much so, but they at least can enter into fresh negotiations with Great Britain or Canada without going back on any official record. After all, the so-called "Irish vote" has not appeared to have had any effect on the election. The election was decided by New York State, and New York State was decided by an increased Republican vote in the country districts; that is, among the farmers and villagers, where the Irish vote is not decisive."

The remains were found on the hills six miles north of San Bernardino. The body was mutilated by coyotes. The bullet-hole in the head and a loaded pistol with one chamber discharged seem to indicate suicide immediately after the murder. A Doomed Man's Wedding. The southern roads have adopted their usual unbusiness-like tactics in requesting the northern lines to grant low rates to the Atlanta (Ga.) Exposition, which opens November 18th, without first agreeing to reduce fares on the southern lines. But the Council of Atlanta has passed an ordinance imposing a tax of \$500 a day upon ticket brokers in that city. Whatever rates are made there will be no complaints about scalpers at Atlanta.

A device that enables the engineer, when in his cab, to varn a switch, which can be closed again from the rear of the train, has been invented. It is operated in connection with the "central-throw" switch, and consists in a "shoe," which is dropped from the forward and rear trucks. This strikes a crayk, which is overthrown, and the switch closed or opened, as the case may be. A switch left open carelessly may thus be closed by the locomotive while at high speed, of a train sidetracked quickly in case of danger.

MURCHISON ALL RIGHT. He May Safely Deliver Himself Up and Claim the Heward. [Washington Star]

Murchison is wanted by the Demo-rats. They think he is guilty of treasonable practices. Secretary Bayard intimates that he has committed one of the "crimes against the existence of the Government," which include trea-son and seditious conspiracy, and which are defined and punished by sec-tions 5331 to 5338 of the Revised Statutes, section 5335 being thought, appli-cable to Murchison's case. This sec-tion makes it a crime to commence or carry on, without the authority of the Government, any correspondence with any foreign government or any officer or agent thereof "with an intent to influence the measures or conduct of any foreign government, or any officer or agent thereof, in relation to any disputes or controversies with the United States, or to defeat the measures of the Government of the United States." If a Murchison could be found who wrote the letter in good faith, being all that he represents him-self to be, the treasonable intent above quoted could, only through a violent disregard of the spirit of the statute, be attributed to him. If the letter is bo-gus, a political decoy, its intent is evi-dently far different from that which makes such correspondence treasona-ble; and while its writer may have comble; and while its writer may have committed a crime against the official existence of a British minister or of a Democratic administration, he can hardly be accused of "a crime against the existence of the Government." On the whole, it would appear that Murchison can safely deliver himself up and claim the reward offered for his detection.

which runs from beneath that place to Virginia City, four miles distant. Fre-quently this "tunnel route," as it is called, is used by Sutro parties de-siring to go to Virginia City theaters. The parties enter the tunnel almost at their own doors, clamber into a car drawn by several mules, and are car-ried the full length of the tunnel in a comparatively short space of time. Once there they are hoisted up a shaft 1640 feet deep, issuing within a few minutes' walk of the Virginia City Opera-house. The route is cool in summer and warm in winter. The cars are so clean that the best of dresses may be worn without disastrous result.

JUDGE.

[The above is not clear as stated, but appears to refer to the dispute regarding the counting of certain ballots which lacked regularity in the style of printing adopted. In order to show the issue in the case, the position of the other side is stated, as given by one of its leading representatives. In the case of Kirk vs. Rhodes, 46 California Reports (Political Code), the Supreme Court decided in substance that if there was no mark or indorsement there was no mark or indorsement upon the back of the ballot, to indicate the way the elector voted, a mere irregalarity such as the printing of the title of the office upon one line and the name of the elector upon another is not sufficient to invalidate the ballot. This is the point in dispute regarding certain ballots cast for Sullivan for Associate Justice.—Ed. Times.]

Gassaway, Wystt and That Lease. Los Angeles, Nov.6.-[To the Editor of THE TIMES.] This morning's TIMES contains a card from Mr. Gassaway which is entirely false, and while I do not wish to enter into any newspaper controversy, still I do not wish the public to know other than the truth. Mr. Gassaway has never transferred any lease to me, never spoke a word to him regarding the same and he also states what I pay out and what was MRS. NANNIECATCHING TEACHER paid him, when I am sure he knows nothing of my transaction. I was approached on last Thursday to take the new house entirely unsolicited on my part. I replied that Mr. Gassaway had the house. They said no he had not, he can't pay the amount which is due the house. They said no he had not, he can't pay the amount which is due and can give no guarantee that the rent will be paid. I then said I do not care in any way to interfere with Mr. Gassaway, as he has paid some money which you say he will lose, but if he is ont of the question will possibly arrange, if terms are satisfactory. Mr. Gassaway did all in his power to prevent me from getting the house. However, the matter is settled, and lease signed, and yet if Mr. Gassaway can arrange satisfactorily with Mr. Neil to keep him from losing the amount paid, which I think is \$5000. I would not stand in his way, as I would not like to be treated that way myself. Most respectfully,

Free Passes.
Los Angeles, Nov. 3.—[To the Edtor of THE TIMES.] Permit me to emphatically second the suggestion in today's Times as to public officials riding on free passes. Such a thing is MME. LULU YOUNG TELLS YOUR certainly not proper in anyone owing a duty to the whole public, and the acceptance of particular favors from inviduals at least lays the recipient open to the reasonable suspicion of partiality to the donor in any matter that may thereafter arise. Any public servant is able to pay his fare; if not, it will be more dignified and respectable to walk.

TAX-PAYER, NO FREE PASSES.

Los Angeles, Nov. 3.—[To the Editor of The Times.] In your issue of yesterday under the caption of "Free Passes," among other things aid, the question is asked: "Is it ight for city officials to have them?" And it is further said therein "that almost every member of the City Council is provided with annual basses, etc. cil is provided with annual passes, etc.,

even some for their entire families."
I can at least answer for myself and family, and I can trutbfully say that neither myself or any member of my family have passes on either street or railroads, or have we directly or inrailroads, or have we directly or indirectly received any favors from roads or individuals to the amount of 5 cents. Certain roads sent me passes soon after my election, which I immediately returned to them.

Los Angrles, Nov. 6.-[To the Editor of The Times.] Some time ago I noticed a letter in THE TIMES, written by Mr. F. A. Garey, president of the Pomological Society, in which he de fended his course in giving a medal to a pictorial (?) advertising sheet. In this letter he stated that the Pomolog-ical Society would give medals to all who were awarded the same. Several persons called at Mr. Garey's

Some time ago a teacher, on answering a knock at the school door, found one of her papils well wrapped up to protect her from the rain. LETTERS TO THE TIMES.

An Election Dispute.

Los Angeles, Nov. 7.—{To the Editor of The Times.}—"Peers to me," being "up a stump," that "our Steve" is rather premature in his epistle in the Herald this morning, but I will be generous and grant, for the sake of argument, that he was a little sore and hot under the collar. Now, I happened to be on one of the election boards, while there were two Democratic marshals, one Democratic supervisor, two Democratic judges and one Democratic clerk, leaving but three Republicans. Now, this board, so constituted, calmly and deliberately decided such tickets were not regular and in conformity of law, as provided in the Political Code. This, at least, was not an instance where it was a set-up job, by low-down, conniving Republicans. In the interest of fraud, and a debasement of law and order.

I will submit this: That any fair-minded man acting as judge or inspector at an election precinct, after reading carefully sections 1191 and 1208, could not make any other decision.

As far as the charge of fraud is concerned on the part of the Republican party, it is utterly false.

Physician and Surgeon, late of Grand Kapida, Mich. Specialist in all forms of female complaints and all chronic diseases of the blood, etc. Hollenbeck Block, corner Spring and Second Sts.. Los Angeles. Cal.

All diseases of the respiratory organs treatably the most approved medical inhalations, one bined with proper constitutional riminations, the control of the liver, atomach, blood, ato. We are also now using the Compound Oxygen treatment which has such a werld-wide reputation in lung and nervous affection. Probably no system of practice ever adopted has been so unive saily successful as that furnoused by Dr. Williams for the cure of catarrh, throat diseases, bronchitis, asthma and consumption.

CATARRH.

The term extarrh is applied to a pecultar disorder of the nostriis and adjacent parts, which provalls to an alarming extent and is productive of very serious consequences.

The most prominent and characteristic feature is a morbid discharge from the head, varing in its nature at different times.

In some there is an almost constant flow of clear, acrid fluid, but offener an offensive, purulent or muce-purulent, greenish-yellow matter is secreted, which accumulates in the more constant flow of clear, acrid fluid, but offener an offensive, purulent or muce-purulent, greenish-reliow matter is secreted, which accumulates in the more constant of the more and by browing the integer of expectoration, and often by both processos. Sometimes patients feel as though their whole head was in a state of rottenness, so great is the amount of matter discharged and so fetid is its odor. The patient is greatly annoyed by the constant dropping into the throat of the morbid matter from the head, and as a recumbent position naturally favors the flow downward, his rest is frequently disturbed from Yes came. Many unferers are obliged to lie of the morbid matter from the head, and as a recumbent position naturally favors the flow downward, his rest is frequently disturbed from Yes came. This practice, pepularly known as "bawking," is characteristic of catarrh, and proves as embarrasing to the one affected as it is disagreeable to those around him.

Again, the offensive matter hardens and deposits itself on the membrane of the sea commit CATARRH.

The breath is always tainted, and at times assumes an exceedingly fetid and siskening odor. In some cases it becomes so revoltingly offensive as to render the sufferer as to render the sufferer as to there.

I have seen so many of these cases cured that I do not consider any case hopeless unless Loch lungs are seriously in volved. The inhalations atd us in dissolving the mucous and in contracting and healing the cavities, which nowling else can do with the same success. The very best references from those already sured. BRUTAL MURDER.

A Man Ricked to Death at San Fer-

News of a peculiarly brutal murder at San Fernando was received in this city last night, when Deputy Sheriff James H. Kerns brought down the murderer, William Lannigan, and landed him in the County Jail. The murder occurred at Mrs. Glenn's boarding-house in San Fernando, where the murdered man, William Stack, resided. Both were laborers, and on Tuesday had been drinking some, but, so far as known, there had been no quarrel. Stack went home comparatively early and went to bed. went nome comparatively early and went to bed. Between 3 and 4 o'clock yesterday morning Lannigan, who was considerably under the influence of layor, came to Stack's room, lit the light, and commenced annoying Stack. As Lannigan is a very large and powerful man and very quarrelsome when drunk, Stack put up with him for some time, but finally got tired of it and got us and put out the light. No sooner did he do this than Lannigan grabbed him and commenced beating him about the face and head, mutilating him in a shocking manner. He then pulled him out of the bed and threw him on the floor and jumped on him several times, crushing him with his heavy shoes. He was finally got out of the room and went to bed, and yesterday morning appeared before a justice of the peace, pleaded guilty to an assault, was fined, which he paid, and was discharged. Stack was confined to his bed by his injuries and could not appear against him. Medical assistance was called in, and everything possible was done for him, but without avail and after line. mped on with his heavy out of the room are decreased by the injuries and could not appear against him. Deputy Kerns, who had been watching Lannigan, at once placed him under arrest, not, however, without a severe struggle, and brought him to the city by the locker at it. Before Stack died he made a statement to his physician, but what it was has not yet been made public.

Stack was a man about 49 years of age, a native of Ireland, and unmarried. He was very quiet and peaceable, and was generally ember of the Order of Hiberment of the Order of Hiberment
